support material for those advocating for fair copyright laws

folio

Marrakesh Treaty – Access for Print Desabled

Marrakesh Treaty involves new exceptions and limitations to copyright in order to make copyrighted materials much more accessible for persons who are blind, visually impaired or otherwise print disabled

A registry of data on accessible format copies of works collected by authorized entities needs to be established by National Széchényi Library

**Creation and maintenance of a registry on contact data of authorized entities is also a legal task for NSL**

folio

Works for Digitisation and Clearing Rights

243 volumes chosen and digitised + copyright cleared
(300 dpi, OCR-ed, pdf files, from the period of 1988-89-90)

Access to the Digitised Works:
EODOPEN collection in the Digital Library

Once the new Hungarian National Library Platform will be fully functional, these works will be available for the EODOPEN common portal.

folio
