

WG6 Right Clearance Documentation Tool

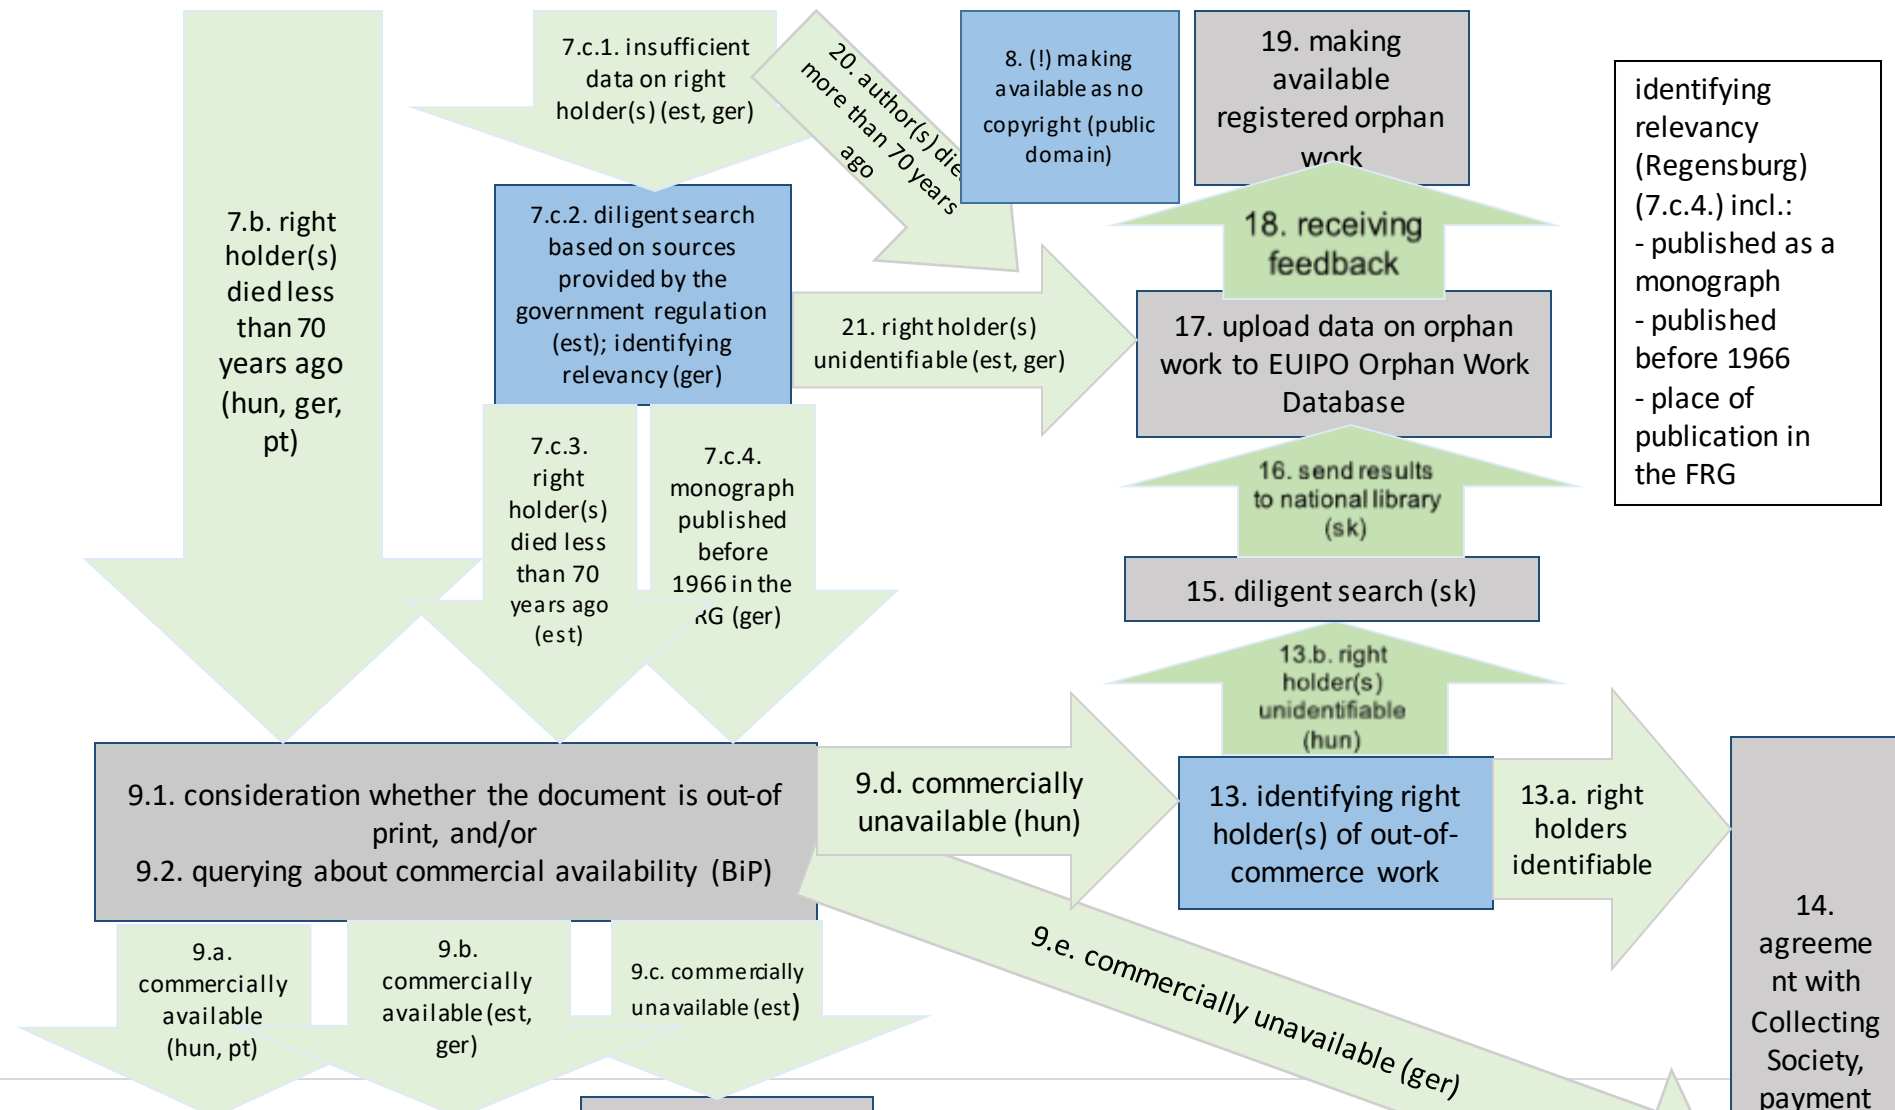

Update about the Progress, Our Struggles and Victories

Miklós Lendvay
WG Leader of WG6, National Széchényi Library, Budapest

WG6 – Achievements and Work In Progress

- work on the **“workflow and metadata model”** specification,
release of the final version
- setting up **technical questionnaire** for the documentation tool
(agents, environment, SW lifecycle, protocols, formats, ...)
 - **“lazy consensus”**
- **Dissemination, ITLib** a special issue dedicated to the project EODOPEN
 - **EUROPEANA** Copyright Tools and Resources

Right Clearance Documentation Tool (RCDT) Draft Specification Finalised

A17 Identifying Requirements Of Technical Infrastructure

for legally appropriate documentation of rights clearance activities (M1-M26)

The working group members will identify requirements for **a tool** for legally appropriate documentation of rights clearance activities (of all kinds) taking into account frame conditions such as national laws and **current state-of-the-art interfaces and platforms** and compile those in a specification paper.
